TITLE 3—THE PRESIDENT

PROCLAMATION 2806

DEATH OF CHARLES EVANS HUGHES

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

A PROCLAMATION

To the People of the United States:

The Nation has lost one of its most preeminent elder sages. Charles Evans Hughes, who died at Osterville, Massachusetts, last night, will be counted in the long perspective of history not only as one of the most highly esteemed statesmen of our time, but indeed as among the most distinguished of the men who have devoted themselves to the public weal since the origin of our country.

Humanitarian understanding, exalted vision, and inspired judgment characterized the long career of Charles Evans Hughes, who served the people of New York State as Governor and the people of the Nation as Associate Justice of the Supreme Court, as Secretary of State, and as Chief Justice of the United States.

The whole world needs and will continue to need statesmen and citizens capable of viewing the march of events objectively and adhering firmly to the reasonable and just. In view of that need, we should all long remember this superb example of a life dedicated to reason and to justice in human affairs.

NOW, THEREFORE, I, HARRY S. TRUMAN, President of the United States of America, do hereby direct that the flag of the United States be flown at half mast on all Government buildings until after the funeral services for Charles Evans Hughes shall have been concluded, and I request the people of the United States to render every appropriate reverence to this great American, in their homes, their schools, their churches, and in other suitable places.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed.

DONE at the City of Washington this twenty-eighth day of August in the year of our Lord nineteen hundred and forty-eight, and of the Independence of the United States of America the one hundred and seventy-third.

[SEAL]

HARRY S. TRUMAN

By the President:

G. C. MARSHALL,
Secretary of State.

TITLE 12—BANKS AND BANKING

Chapter II—Federal Reserve System

Subchapter A—Board of Governors of Federal Reserve System

PART 208—MEMBERSHIP OF STATE BANKING INSTITUTIONS IN THE FEDERAL RESERVE SYSTEM

CONDITIONS OF MEMBERSHIP

Pursuant to section 9 of the Federal Reserve Act, as amended, and for the purpose of eliminating certain conditions of membership which are not considered essential as standard conditions of membership for State member banks of the Federal Reserve System, Part 208 is amended effective September 1, 1948, by striking out subparagraph (3) (condition of membership numbered 3) of § 208.6 (a), the headnote of § 208.6 (a), all of § 208.6 (b), and footnotes numbered 10, 11, 12, 13, and 14; by renumbering the succeeding footnotes accordingly; and by adding to footnote numbered 6 appended to subparagraph (1) (condition of membership numbered 1) of § 208.6 (a) a new paragraph reading as follows:

For many years, the Board prescribed, as standard conditions of membership, a condition which, in general, prohibited banks from engaging as a business in the sale of real estate loans to the public and certain conditions relating to the exercise of trust powers, including one which prohibited self-dealing in the investment of trust funds. The elimination of these conditions as standard conditions of membership does not reflect any change in the Board's position as to the undesirability of the practices formerly prohibited by such conditions; and attention is called to the fact that engaging as a business in the sale of real estate loans to the public or failing to conduct trust business in accordance with the applicable State laws and sound principles of trust administration may constitute unsafe or unsound practices and violate condition numbered (1).

Section 208.6, as amended, reads as follows:

§ 208.6 *Conditions of membership* (a) Pursuant to the authority contained in the first paragraph of section 9 of the Federal Reserve Act (44 Stat. 1229, 48 Stat. 164, 971; 12 U. S. C. 321), which authorizes the Board to permit applying State banks to become members of the Federal Reserve System "subject to the provisions of this act and to such conditions as it may prescribe pursuant thereto," the Board, except as hereinafter stated, will prescribe the following conditions of membership for each State bank hereafter applying for admission to the Federal Reserve System, and, in addition, such other conditions as may be considered necessary or advisable in the particular case:

(1) Such bank at all times shall conduct its business and exercise its powers with due regard to the safety of its depositors, and, except with the permission of the Board of Governors of the Federal Reserve System, such bank shall not cause or permit any change to be made in the general character of its business or in the scope of the corporate powers exercised by it at the time of admission to membership.[6]

(2) The net capital and surplus funds of such bank shall be adequate in relation to the character and condition of its assets and to its deposit liabilities and other corporate responsibilities,[7] and its capital[8] shall not be reduced except with the permission of the Board of Governors of the Federal Reserve System.[9]

The notice, public participation, and deferred effective date described in section 4 of the Administrative Procedure Act are not followed in connection with this amendment for the reasons and good cause found as stated in § 262.2 (e) of the Board's rules of procedure, and especially because in connection with this amendment which relieves certain restrictions such procedures are unnecessary as they would not aid the persons affected and would serve no other useful purpose.

(Sec. 11 (i), 38 Stat. 262, sec. 3, 40 Stat. 232, 42 Stat. 821, sec. 17 (b), 48 Stat. 185, sec. 9, 44 Stat. 1229, 45 Stat. 492, 46 Stat. 170, sec. 2, 46 Stat. 251, sec. 1, 46 Stat. 814, sec. 5, 48 Stat. 164, sec. 2, 48 Stat. 971, sec. 202, 49 Stat. 704, sec. 310 (b), 49 Stat. 710, sec. 320, 49 Stat. 713, sec. 338, 49 Stat. 721, sec. 12B (e), (g), (y), 49 Stat. 687, 688, 703, secs. 325, 345, 49 Stat. 715, 722; 12 U. S. C. 248 (i), 12 U. S. C. 321–338 and Sup., 12 U. S. C., Sup. 264 (e), (g), (y), 486, 51b–1)

BOARD OF GOVERNORS OF THE FEDERAL RESERVE SYSTEM,
[SEAL] S. R. CARPENTER,
Secretary.

[F. R. Doc. 48-7834; Filed, Aug. 31, 1948; 9:11 a. m.]

[6] If, after admission of any bank to membership, it should desire to make any change in the general character of its business or in the scope of its corporate powers exercised at the time of admission, it will be necessary for it to obtain the permission of the Board before making any such change.
The acquisition by a bank of the assets of another institution through merger, consolidation, or purchase may result in a change in the character of its assets or the scope of its functions within the meaning of condition numbered (1) and if at any time a member State bank subject to such condition anticipates making any such acquisition a detailed report setting forth all of the facts in connection with the transaction should be made promptly to the Federal Reserve bank of the district in which such bank is located.
For many years, the Board prescribed, as standard conditions of membership, a condition which, in general, prohibited banks from engaging as a business in the sale of real estate loans to the public and certain conditions relating to the exercise of trust powers, including one which prohibited self-dealing in the investment of trust funds. The elimination of these conditions as standard conditions of membership does not reflect any change in the Board's position as to the undesirability of the practices formerly prohibited by such conditions; and attention is called to the fact that engaging as a business in the sale of real estate loans to the public or failing to conduct trust business in accordance with the applicable State laws and sound principles of trust administration may constitute unsafe or unsound practices and violate condition numbered (1).

[7] If at any time, in the light of all the circumstances, the aggregate amount of the bank's net capital and surplus funds appears to be inadequate, the bank, within such period as shall be deemed by the Board to be reasonable for this purpose, shall increase the amount thereof to an amount which in the judgment of the Board shall be adequate in relation to the bank's aggregate deposit liabilities and other corporate responsibilities.

[8] This applies to capital stock of all classes and to capital notes and debentures legally issued and purchased by the Reconstruction Finance Corporation which, under the Federal Reserve Act, are considered as capital for purposes of membership.
A reduction in capital however, shall not be deemed to be contrary to this provision if, at the same time, the capital is correspondingly increased or a specific reserve in an amount not less than the amount of the capital reduction is set aside to provide for an increase in capital and can be used for no other purpose; provided, of course, the transaction does not violate any provision of applicable laws.

[9] This condition will not be prescribed in connection with the admission of mutual savings banks to membership in the Federal Reserve System.

PART 34—MEDICAL EXAMINATION OF ALIENS

SCOPE OF EXAMINATIONS

Section 34.4 is amended to read as follows:

§ 34.4 *Scope of examinations: general; applicants for immigration visas; chest X-ray and blood test.* (a) In performing examinations and reexaminations, medical officers shall give consideration to only those matters which relate to the physical or mental condition of the alien, and shall issue certificates or notifications of a disease or defect as hereinafter provided only if the presence of such disease or defect is clearly established.

(b) Except as provided in paragraph (c) of this section, examinations of applicants for immigration visas shall in all cases include a chest X-ray for tuberculosis and a blood test for syphilis. In the case of examinations conducted at American consulates where necessary X-ray and laboratory facilities for the making of such tests are not available to the examining medical officer, the applicant may be required to furnish a chest X-ray plate, a reading thereof, and a blood serology in order that the medical examination may be completed. The X-ray plate, the reading thereof, the blood serological report and record of the physical examination shall be placed in a separate envelope and attached to the alien's immigration visa in such a manner as to be readily detached for examination by medical officers at United States ports of entry. However, if no such proofs have been presented and the examination is made in a community where there are no facilities available for the making of such tests, the examining medical officer shall so state upon the physical examination form. In the event that, at the port of entry, no such X-ray plate, reading, and blood serology are found attached to the alien's immigration visa, a medical hold shall be issued pending completion of the examination by the required X-ray and blood test.

(c) The provisions of paragraph (b) of this section shall not be applicable in the case of an applicant ten years of age or less unless the examining medical officer has reason to suspect that the applicant has tuberculosis or syphilis. (Sec. 16, 39 Stat. 874, secs. 322 (c), 325, 58 Stat. 697; 8 U. S. C. 152, 42 U. S. C. 249 (c), 252)

The foregoing amendment is issued to increase the effectiveness of pre-embarkation medical examination of aliens with particular reference to the detection of tuberculosis and syphilis, thereby reducing the possibility of entry into the United States of aliens suffering from those diseases.

Effective date. It is hereby found that, in view of the frequent reports of embarkation of aliens suffering from tuberculosis or syphilis, postponement of the effective date of the foregoing amendment would endanger the public health. The foregoing amendment is therefore made effective September 1, 1948.

Dated: August 30, 1948.

Surgeon General.

Approved: August 30, 1948.

Subchapter F—Quarantine, Inspection, Licensing

PART 71—FOREIGN QUARANTINE

GENERAL PROVISION; GENERAL REQUIREMENT

Notice of proposed rule making and public rule making proceedings have been omitted in the issuance of the following amendments to the indicated sections of this part. Notice and rule making proceedings have been found to be unnecessary because the amendments are issued only for the purpose of clarifying provisions of these sections and exempting certain vessels and aircraft from requirements now in effect.

Section 71.46 is amended to read as follows:

§ 71.46 *General provision.* (a) A vessel or aircraft arriving at a port under the control of the United States shall undergo quarantine inspection prior to entry unless the vessel or aircraft is in one of the following categories:

(1) A vessel or aircraft which in the current voyage has not touched at any port other than ports under the control of the United States or ports in Canada, Newfoundland, the Islands of St. Pierre and Miquelon, Iceland, Greenland, the West Coast of Lower California, Cuba, the Bahama Islands, the Canal Zone, or the Bermuda Islands.

(2) A vessel or aircraft which in the current voyage has received free pratique (or, in the case of an aircraft, has received final release from the quarantine officer) at a port under the control of the United States, and since receiving such pratique (or such release, in the case of an aircraft) has not touched at a port other than those described in the preceding subparagraph.

(3) A vessel or aircraft which, having received free pratique at a port of the Canal Zone, arrives at a port under the control of the United States and transmits a duplicate of the Canal Zone pratique to the quarantine officer, provided that since receiving such pratique the vessel or aircraft has not touched at ports other than those listed in paragraph (a) (1) of this section.[1]

(4) A vessel which having received pratique at a Canadian port located in the international waters of (i) the Straits of Juan de Fuca, Haro, Georgia, Rosario and the Puget Sound and tributaries and connected waters on the West Coast, or (ii) the Saint Lawrence River and the Great Lakes, and their tributaries and connected waters on the East Coast, travels on the same international waters to a United States port and presents a duplicate of the Canadian pratique to the quarantine officer.[1]

(b) A vessel or aircraft otherwise exempt from inspection under the provisions of paragraphs (a) (1) to (4) of this section shall undergo quarantine inspection prior to entering a port under the control of the United States if the vessel or aircraft:

(1) Has aboard a person infected or suspected of being infected with anthrax, chickenpox, cholera, dengue, diphtheria, infectious encephalitis, measles, meningoccus meningitis, plague, poliomyelitis, psittacosis, scarlet fever, smallpox, streptococcic sore throat, typhoid fever, typhus, or yellow fever, or

PROPOSED RULE MAKING

FEDERAL COMMUNICATIONS COMMISSION

[47 CFR, Part 3]

[Docket No. 9113]

BROADCASTING OF INFORMATION CONCERNING LOTTERIES, GIFT ENTERPRISES OR SIMILAR SCHEMES

SUPPLEMENTAL NOTICE OF PROPOSED RULE MAKING

1. Supplemental notice is hereby given of proposed rule making with respect to the broadcasting of lottery information. On August 5, 1948, the Commission released a notice of proposed rule making with respect to this matter.

2. On June 25, 1948 by Public Law 772, 80th Congress 2d Session, section 316 was removed from the Communications Act of 1934 and recodified effective September 1, 1948 as section 1304 of the United States Criminal Code, 18 U. S. C. section 1304. This change was part of a general revision of laws relating to federal crimes which included among its purposes, the recodification of the Criminal Code and of criminal provisions not already in that code which could be transferred from other titles without injury to their text. No substantive change in the applicable law with respect to the broadcast of lottery programs was apparently contemplated by the recodification. See 93 Congressional Record, pp. 5048–5049; H. Rep. No. 304, 80th Cong. 2d Sess. p. A–99 (Reviser's notes). Accordingly, the Congress has reaffirmed the public policy embodied in section 316 of the Communications Act and has renewed the determination that it is contrary to the public interest to permit the broadcasting of lottery programs over the air.

3. This Commission is authorized to and has the duty to consider in connection with its general licensing authority policies affecting radio expressed in other acts of Congress. See McLean Trucking Company v. United States, 326 U. S. 67; Southern Steamship Company v. NLRB, 316 U. S. 31. It has authority, therefore, in determining whether a grant of a given license application would serve the public interest, convenience or necessity, to consider the Congressional mandate that no licensee should broadcast any program containing any advertisement or information concerning any lottery, gift enterprise or similar scheme. And in so doing the Commission is not required to await prior judicial determination that a given program is in violation of section 1304 of the Criminal Code. Public Clearing House v. Coyne, 194 U. S. 497; Southern Steamship Company v. NLRB, 316 U. S. 31. And the Commission is authorized to issue general rules setting forth for the information of licensees its intention to refuse licenses to persons operating in violation of the Congressional prohibition against the broadcast of lottery information set forth in section 1304 of the Criminal Code. See National Broadcasting Company v. United States, 319 U. S. 190.

4. Accordingly, the Commission proposes to adhere to its determination of August 5, 1948 that rules with respect to the broadcasting of lottery information should be promulgated by this Commission. Notice is hereby given that rules, similar in form to the Chain Broadcasting regulations, §§ 3.101–3.108 of the rules dealing with the qualifications of licensees, are proposed to be promulgated. These proposed rules are designed to assist the Commission, licensees, and other interested persons in giving effect to the public policy embodied in the determination of Congress that the United States should not "permit any radio station licensed and regulated by the government to engage in such unlawful practices." Senate Report 1045 on H. R. 7716, 72d Congress, 2d Session.

5. The proposed rules would also set forth with particularity, as set out in the Appendix of the notice of proposed rule making issued August 5, 1948 for standard, FM and television broadcasting, certain types of programs which the Commission believes are clearly prohibited by section 316 of the Communications Act of 1934, as amended (effective September 1, 1948, section 1304 of the U. S. Criminal Code, 18 U. S. C.) which makes criminal the broadcast of "any advertisement of or information concerning any lottery, gift enterprise, or similar scheme, offering prizes dependent in whole or in part upon lot or chance." These specifications of various types of programs which the Commission will consider to be lotteries, gift enterprises or similar schemes in violation of law, are intended to afford broadcast licensees an opportunity to be informed, so far as it is possible to do so, of the interpretation of the law with respect to these matters which the Commission proposes to apply in the exercise of its licensing functions. These proposed rules therefore are entirely interpretative in nature and do not purport to add to or detract from the statutory prohibition imposed by Congress.

6. The proposed rules are issued under the authority of sections 4 (i), 303 (r), 307 (a), 308 (b) and 309 (a) of the Communications Act of 1934, as amended.

7. Any interested party who is of the opinion that the proposed rules should not be adopted, or should not be adopted in the manner proposed may file with the Commission on or before September 10, 1948, a statement or brief setting forth his comments. At the same time persons favoring the rules as proposed may file statements in support thereof. The Commission will consider all such comments that are presented before taking action in the matter, and if any comments are submitted which appear to warrant the holding of a hearing or oral argument, notice of the time and place of such hearing or oral argument will be given.

8. In accordance with the provisions of § 1.764 of the Commission's rules and regulations, an original and 14 copies of all statements, briefs, or comments filed shall be furnished the Commission.

Adopted: August 26, 1948.

Released: August 27, 1948.

Secretary.

DEPARTMENT OF COMMERCE

Office of Industry Cooperation

FACTORY-MADE STEEL HOUSES

VOLUNTARY PLAN FOR ALLOCATION OF STEEL PRODUCTS

The Secretary of Commerce, pursuant to the authority vested in him by Public Law 395, 80th Congress, and Executive Order 9919 (after consultation with representatives of the steel producing industry and of manufacturers of factory-made steel houses, and after expression of the views of industry, labor and the public generally at an open public hearing held on July 14, 1948), has determined that the following plan of voluntary action is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395:

1. In furtherance of the residential housing program, the steel producers participating herein will, during the period this plan shall remain in effect, make available or cause to be made available, out of the production of their own mill or the mills of their subsidiaries or affiliates, a total of 59,000 tons of steel sheet (other than enameling grades) and strip (hereinafter called steel products) to manufacturers of factory-made steel houses who comply with the provisions of this plan (hereinafter called Manufacturers), for use solely in the manufacture of such houses, exclusive of bathtubs, sinks, lavatories, kitchen and undersink cabinets, dish and clothes washing machines, exhaust, fans, lighting fixtures, water and heating units (hereinafter called fixtures and appliances) for such houses, in accordance with and subject to the terms and conditions hereinafter set forth.

2. (a) The quantities and types of such steel products so to be made available by each steel producer shall, except as may be otherwise specified in such steel producer's acceptance hereof, be such as the Secretary of Commerce (after consultation with the Steel Task Committee of the Office of Industry Cooperation of the Department of Commerce) determines to be fair and equitable in order to accomplish, as nearly as may be, the supply of such steel products, on a graduated monthly basis, necessary to fulfill the purposes of this plan.

Each steel producer participating herein will, however, upon request of the Secretary of Commerce, give consideration to making such steel products available under this plan in amounts additional to the amounts provided for in its acceptance hereof.

(b) Such steel products will be made available under such contractual arrangements as may be made by the respective steel producers, or their subsidiaries and affiliates, with the respective Manufacturers, and no request or authorization will be made by the Department of Commerce relating to the allocation of orders or customers or to the delivery of steel products or to the allocation of business among such manufacturers, nor will any request or authorization be made to such steel producers for any limitation or restriction on the production or marketing of any such steel products. Nothing herein contained shall be construed as authorizing or approving any fixing of prices, and the participation herein of any steel producer shall not affect the prices or terms and conditions on which any such steel products as are made available, are actually sold and delivered.

(c) Each steel producer participating herein will make available, or cause to be made available, only those steel products which are within the type and size limitations of the mill or mills which it may select for the production of such products. The quantities of such steel products which it will make available, or cause to be made available in any month, may be reduced, or at its option the delivery thereof may be postponed, in direct proportion to any production losses which it or its subsidiary or affiliate shall sustain during any such month, due to causes beyond its or their control.

(d) Each steel producer will, if requested by the Office of Industry Cooperation of the Department of Commerce (subject to the approval of the Bureau of the Budget under the Federal Reports Act of 1942) report to the Office of Industry Cooperation the total quantities of the several types of such steel products shipped, pursuant to purchase orders hereunder, in any monthly period or periods during the operation of this plan.

3. (a) Each individual Manufacturer participating herein will submit to the Secretary of Commerce monthly schedules and reports (subject to the approval of the Bureau of the Budget, under the Federal Reports Act of 1942) on forms furnished by the Secretary of Commerce, showing by plants (1) the number of complete houses and the quantities of each type of end product manufactured for incorporation in houses scheduled for production during the succeeding month hereunder; (2) the net tonnage of each size and kind of such steel products required for each item scheduled in (1) hereof during the succeeding month; (3) the total quantities and kinds of such steel products received from all sources during the next preceding month; (4) the number of complete houses, and the quantity of each type of end product manufactured for inclusion in houses manufactured during the preceding month; (5) and other relevant information. After receiving such schedules and reports, the Secretary of Commerce will relate such estimated requirements to the over-all program and determine the quantities of steel products to be made available herein to each individual participating Manufacturer.

(b) By participation herein, the several Manufacturers shall be obligated to use all steel products made available hereunder solely for and in the manufacture of factory-made steel houses, exclusive of any fixtures and appliances (as listed in paragraph 1 hereof) therefor; not to resell or transfer such steel products; nor build up any inventories of steel or end products beyond current needs for the purposes hereof. Each purchase order for any such steel products to be made available hereunder shall bear the following certification of the Manufacturer placing such purchase order:

> The undersigned hereby certifies and agrees that this order is placed under section 3 of the Voluntary Plan authorized under Public Law 395 for Allocation of Steel Products for the Manufacture of Factory-Made Steel Houses and that the steel products specified in this order will be used solely for and in the manufacture of such houses, exclusive of any fixtures and appliances (as listed in Pararaph 1 of said plan) therefor, with which the undersigned is familiar.

4. After approval hereof by the Attorney General and by the Secretary of Commerce, and after requests for compliance herewith shall have been made of steel producers and Manufacturers by the Secretary of Commerce, any such steel producer or Manufacturer may become a participant herein by advising the Secretary of Commerce, in writing, of its acceptance of such request. Such requests for compliance will be effective for the purpose of granting certain immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in section 2 (c) of Public Law 395, only with respect to such steel producers and Manufacturers as notify the Secretary of Commerce in writing that they will comply with such requests.

5. This plan shall become effective upon the date of its final approval by the Secretary of Commerce and shall cease to be effective at the close of business on February 28, 1949, or on such earlier date as may be determined by the Secretary of Commerce, upon notice, by letter, telegram or publication in the FEDERAL REGISTER, not less than 60 days prior to such earlier date.

6. Any such steel producer or Manufacturer may withdraw from this plan by giving not less than sixty days written notice of its intention so to do to the Secretary of Commerce.

Approved: August 18, 1948.

CHARLES SAWYER,
Secretary of Commerce.

Approved: August 16, 1948.

TOM C. CLARK,
Attorney General.

AUGUST 18, 1948.

DEAR MR. ————.

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Sheet and Strip (other than enameling grades) to manufacturers of factory-made steel houses for residential housing, other than certain fixtures and appliances, has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience, I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan.

This request will not be effective for the purpose of granting immunity from the anti-trust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, 80th Congress, unless you agree in writing to comply with the Plan.

Since the matter of arranging early allocations of steel sheet and strip is essential to carrying out the purposes of the Plan, I must know as promptly as possible how many consuming manufacturers desire to participate. I trust therefore, that I may have your favorable response on or before August 30, 1948. If I do not receive your acceptance by that date, I shall assume that you do not wish to participate.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

AUGUST 18, 1948.

GENTLEMEN:

A Voluntary Plan, under Public Law 395, 80th Congress, for the Allocation of Steel Products for Factory-Made Steel Houses has been approved by the Attorney General. Acting by delegation from the President under Executive Order 9919, I have determined that the Plan is practicable and is appropriate to the successful carrying out of the policies set forth in Public Law 395, and have approved the Plan. A copy of the Plan is enclosed.

In accordance with the provisions of Paragraph 2 of the Plan, an initial determination has been made by me with respect to the quantities of each type of steel product which shall be made available, on a graduated monthly basis, by each steel producer who is expected to become a participant in the Plan.

By virtue of the terms of Public Law 395 and Executive Order 9919, I hereby request compliance by you with the Plan. For your convenience, I am enclosing a suggested form for your use in evidencing your acceptance of this request for compliance by you with the Plan. The enclosed form specifies the total quantities of each type of steel product which it has been initially determined by me, with the advice of the Steel Task Committee, in accordance with Paragraph 2 of the Plan, should be made available by you during the period this Plan shall remain in effect.

Similar requests are being directed to all other steel producers who are expected to become participants in the Plan.

This request will not be effective for the purpose of granting immunity from the antitrust laws and the Federal Trade Commission Act, as provided in Section 2 (c) of Public Law 395, unless you promptly agree in writing to comply with the Plan.

I trust that your favorable response to this request will be promptly communicated to me.

Sincerely yours,

CHARLES SAWYER,
Secretary of Commerce.

[Docket No. 9145]

RADIO ST. CLAIR, INC.

ORDER DESIGNATING APPLICATION FOR HEARING ON STATED ISSUES

In re application of Radio St. Clair, Inc., Marine City, Michigan, Docket No. 9145, File No. BP–6489; for construction permit.

At a session of the Federal Communications Commission held at its offices in Washington, D. C., on the 25th day of August 1948;

The Commission having under consideration the above-entitled application of Radio St. Clair, Inc., requesting authority to construct a new standard broadcast station at Marine City, Michigan, to operate on 1590 kc, with 500 w power, daytime only; a letter filed February 26, 1948, by Summit Radio Corporation (WAKR, Akron, Ohio), protesting the grant of the Marine City application without a hearing; and the applicant's March 12, 1948, request, supported by subsequent pleadings, that the Commission (1) require WAKR to operate in accordance with its license; (2) reconsider its action of February 27, 1948, granting a license to WAKR should it continue its present daytime operations; (3) deny WAKR's request that the instant application be designated for hearing; and (4) grant the application without hearing;

It appearing that the said application of Radio St. Clair, Inc., would involve daytime interference to Station WAKR within that station's present 0.5 mv/m contour;

It is ordered, That, pursuant to section 309 (a) of the Communications Act of 1934, as amended, the said application be, and it is hereby, designated for hearing at a time and place to be designated by subsequent order of the Commission, upon the following issues:

1. To determine the legal, technical, financial, and other qualifications of the applicant corporation, its officers, directors and stockholders to construct and operate the proposed station.

2. To determine the areas and populations which may be expected to gain or lose primary service from the operation of the proposed station and the character of other broadcast service available to those areas and populations.

3. To determine the type and character of program service proposed to be rendered and whether it would meet the requirements of the populations and areas proposed to be served.

4. To determine whether the operation of the proposed station would involve objectionable interference with station WAKR, Akron, Ohio, or with any other existing broadcast stations, and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

5. To determine whether the operation of the proposed station would involve objectionable interference with the services proposed in any other pending applications for broadcast facilities and, if so, the nature and extent thereof, the areas and populations affected thereby, and the availability of other broadcast service to such areas and populations.

6. To determine whether the installation and operation of the proposed station would be in compliance with the Commission's rules and Standards of Good Engineering Practice Concerning Standard Broadcast stations.

It is further ordered, That the aforesaid request for relief filed March 12, 1948, by Radio St. Clair, Inc. insofar as it requests relief inconsistent with the foregoing action be, and it is hereby, denied and that otherwise it be, and it is hereby, designated for hearing in consolidation with the above-entitled application and with particular reference to the following issue:

To determine whether station WAKR is operating as authorized in its license and if not whether it would be practical, feasible, and in the public interest to require WAKR to operate otherwise.

It is further ordered, That Summit Radio Corporation, licensee of station WAKR, Akron, Ohio, be, and it is hereby made a party to the proceeding.

[File Nos. 54–40, 54–53, 54–144, 54–156, 59–40, 59–49]

CENTRAL PUBLIC UTILITY CORP. ET AL.

MEMORANDUM FINDINGS, OPINION AND ORDER

At a regular session of the Securities and Exchange Commission held at its

office in the city of Washington, D. C., on the 25th day of August 1948.

In the matters of Central Public Utility Corporation, File No. 54–156; Central Public Utility Corporation, File No. 54–144; Consolidated Electric and Gas Company, File No. 54–40; Central Public Utility Corporation, Consolidated Electric and Gas Company, File No. 59–40; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, File No. 54–53; Christopher H. Coughlin, W. T. Crawford, and Rawleigh Warner, voting trustees under Voting Trust Agreement dated August 1, 1932, relating to common stock of Central Public Utility Corporation, File No. 59–49.

On September 5, 1947, the Commission approved an Amended Plan ("Amended Plan") filed pursuant to section 11 (e) of the Public Utility Holding Company Act of 1935 by Central Public Utility Corporation ("Central Public"), a registered holding company, concerned primarily with a reorganization of Consolidated Electric and Gas Company ("Consolidated"), a registered holding company and direct subsidiary of Central Public. The order of the Commission also granted and permitted to become effective certain applications and declarations concerned with transactions related to the consummation of the plan.[1]

Briefly stated, Amended Plan provided that Central Public would cause Consolidated to exchange the common stock of Atlanta Gas Light Company, all of which was then owned by Consolidated, for the publicly held preferred stock of Consolidated in full satisfaction and discharge of the claims and rights of the publicly held preferred stock. As at December 31, 1946, Consolidated's capitalization consisted of $10,750,000 principal amount of notes payable to various banks, bearing interest at 2¼% per annum and maturing November 29, 1948; 183,719 shares of $6.00 Cumulative Preferred Stock, of which 68,856 shares were owned by Central Public and 114,863 shares were owned by the public; 1,480,000 shares of Class A non-cumulative stock, par value $1.00 per share and liquidation preference $25.00 per share, all owned by Central Public; and 1,000,000 shares of common stock, par value $1.00 per share, all owned by Central Public. As at December 31, 1946, dividend arrears applicable to the preferred stock amounted to $85.85 per share on 114,107 shares which were issued in August 1932; $84.00 per share on 12 shares which were issued in February 1933; and $7.50 per share on 744 shares which were issued in 1945.[2]

Amended Plan, among other things, provided that Central Public would cause Consolidated to pay all fees and expenses or other remunerations in connection therewith which the Commission found to be reasonable. The Commission, by order, reserved jurisdiction with respect to the reasonableness and allocation of all fees, expenses and other remunerations incurred, or to be incurred, in connection with the consummation of Amended Plan, with certain limited and specified exceptions.[3] Petitions with respect to fees and expenses have now been filed with the Commission. The fees sought by these petitions, as amended, and the identity of persons seeking such fees are as follows:

	Fees	Expenses
Duke & Landis, New York, N. Y., counsel ror Central Public	$40,000	$2,877.83
Shearman & Sterling & Wright, New York, N. Y., counsel for Consolidated	10,000	180.64
Baltimore National Bank, Baltimore, Md., trustee under indenture securing Central Public's bonds	7,500	1,085.05
Piper, Watkins, Avirett & Egerton, Baltimore, Md., counsel for Baltimore National Bank	15,000	----------
Percival Jackson, Esq., New York, N. Y., counsel for certain holders of preferred stock of Consolidated	10,000	482.75
Jesse Holland, Esq., Chicago, Ill., counsel for a holder of bonds of Central Public	4,000	809.62
R. Lawrence Siegel, Esq., New York, N. Y., counsel for a Protective Committee for preferred stockholders of Consolidated	32,290	1,724.23
Protective Committee	5,000	843.53
Experts of Protective Committee	850	6.15
W. C. Gilman, New York, N. Y., expert called on behalf of Baltimore National Badk	7,250	598.95
Jay S. Hartt, Chicago, Ill., expert called on behalf of Central Public	5,227	1,452.14
Total	137,117	10,060.89

The section 11 proceedings from which Amended Plan ultimately evolved were initiated in 1941 by the filing of a plan under section 11 (e) of the act by Consolidated. Hearings were held with respect to that plan, at which Central Public, Consolidated, and Baltimore National Bank, as trustee under the indenture securing the bonds of Central Public, were each represented by separate counsel, but no final order of the Commission was entered. None of the other persons now seeking compensation were participants in these earlier proceedings except J. Samuel Hartt whose former services in that period have already been compensated.

During subsequent years and until 1946, a series of postponements of the section 11 proceeding was granted by the Commission at the request of Consolidated, in order to enable it to carry out its program of divesting itself of many of its subsidiary companies. Nothing of consequence to the recapitalization of Consolidated transpired in this period.

In April 1946 Central Public filed a plan for the recapitalization of Consolidated pursuant to section 11 (e) of the act. Briefly, this plan proposed that the equity capital of Consolidated be reduced to a single class of common stock (as hereinabove indicated, the capitalization of Consolidated consisted of preferred, Class A, and common stock). The allocation of the new common stock proposed by Central Public was such that Central Public, on the basis of its holdings of preferred, Class A and common stock, would have received for its holdings approximately 15% of the new common stock of Consolidated. Public hearings were held with respect to this plan and a substantial record developed with respect to the many issues presented by the proceeding. At these public hearings various representatives of owners of preferred stock of Consolidated and bonds of Central Public for the first time requested and were granted permission to participate.[4] All of the representatives of holders of preferred stock opposed the recapitalization plan. Generally speaking, the representatives of the holders of the bonds of Central Public were not opposed to the recapitalization plan, although they took the position that the proposed treatment of the public preferred stockholders was too generous. As a result of the opposition of the representatives of preferred stockholders and in an effort to avoid protracted litigation, Central Public in the early fall of 1946, undertook to develop an Amended Plan which would prove satisfactory to the representatives of the publicly held preferred stock of Consolidated and to the representatives of the holders of the bonds of Central Public.

On April 1, 1947, Central Public filed Amended Plan which, as hereinbefore indicated, proposed the distribution of the common stock of Atlanta Gas Light Company to the public holders of the preferred stock of Consolidated.

The public hearings with respect to Amended Plan were of relatively short duration and no substantial objections to Amended Plan were raised by any interested party.

In order to determine the reasonableness of the requested fees, it is necessary to consider briefly the nature of the activities and contribution to the matter of each of the petitioners.

Duke & Landis, by David B. Landis, Esquire, as counsel for Central Public had general supervisory responsibility for Amended Plan. Shearman & Sterling & Wright, by George B. Pedot, Esquire, as counsel for Consolidated, assisted in the presentation of the factual data with respect to Consolidated and its subsidiaries upon which were predicated the requisite financial and other analyses.

Baltimore National Bank, successor Trustee under the indenture securing the income bonds of Central Public, felt that its duties required an active participation in the section 11 proceedings before the Commission and has participated therein since 1941. It represents that its requested fee covers all allowances to the bank as trustee under the indenture during this period.

[1] See Central Public Utility Corporation, et al., — S. E. C. — (1947) Holding Company Act Release No. 7691.

[2] For further details with respect to Amended Plan, see Central Public Utility Corporation, et al., Holding Company Act Release No. 7334.

[3] These exceptions were with respect to fees of the distributing agent and the transfer agent for the common stock of Atlanta.

[4] In addition to persons who are seeking fees, the following additional persons appeared for the first time in these proceedings at these hearings: Harold S. Lynton and Theodore Thau, representing owners of Preferred stock of Consolidated; Robert C. Borer representing his mother as owner of preferred stock of Consolidated; and Roy Roadcap representing certain bondholders of Central Public.

Piper, Watkins, Avirett & Egerton, by James Piper and Martin McDonough, Esquires, counsel for the Baltimore National Bank assisted and advised the bank in its activities in connection with Amended Plan and presented the expert witness, W. C. Gilman, who appeared on behalf of the bank.

Percival Jackson, Esquire, appeared on behalf of several owners of preferred stock of Consolidated. Jackson actively opposed the recapitalization plan proposed in 1946 and appears to have had an active part in the negotiations between conflicting security interests leading to Amended Plan.

Jesse Holland, Esquire represented a holder of bonds of Central Public. With the exception of the Baltimore National Bank, representing all of the bond holders, Holland represented the largest amount of bonds participating in the proceeding. It appears that Holland was active in gaining the acceptance of Amended Plan by the Central Public bond holders.

R. Lawrence Siegal, Esquire, and the Protective Committee for the $6 Cumulative Preferred Stock, organized pursuant to the requirements of Rule U-62, were participants in the proceedings from April 1946, in the case of Siegal, and from November 1946 (the effective date of the U-R-1 declaration under Rule U-62), in the case of the Committee.

We have examined the petitions filed and the memoranda in support thereof as well as amendments filed by two of the petitioners.[5] On the basis of these data it appears that the amounts requested are not unreasonable except for the requests of the Protective Committee and its counsel as to which no findings are made. The fees requested by the Protective Committee and its counsel aggregate in excess of $38,000. These fees are very large in relation to the fees sought by the others in the proceeding except for counsel to Central Public whose role was of course of a very different and more comprehensive nature. We have been unable to discern in the record, to date, what, if any, benefits have resulted from the participation of the Committee and its counsel and are not in a position to approve the requested amount or, indeed, any amount, without a further showing. We shall accordingly retain our jurisdiction with respect to their fees and disbursements while releasing it as to the others.

It is therefore ordered, That Consolidated pay the fees and disbursements except for the fees and expenses of the Protective Committee for the $6 Cumulative Preferred Stock and its counsel, as hereinbefore set out.

It is further ordered, That the jurisdiction hereinbefore reserved in our findings, opinion and order dated September 5, 1947, with respect to the reasonableness and appropriate allocation of all fees and expenses incurred in connection with the consummation of Amended Plan be and the same hereby is released to the extent hereinbefore indicated, all other reservations of jurisdiction contained in said documents to remain in full force and effect.

By the Commission.

KANSAS GAS AND ELECTRIC CO.

MEMORANDUM OPINION AND ORDER

At a regular session of the Securities and Exchange Commission, held at its

office in the city of Washington, D. C. on the 25th day of August A.D. 1948.

Kansas Gas and Electric Company ("Kansas"), an electric utility subsidiary of American Power & Light Company, in turn a subsidiary of Electric Bond and Share Company, both registered holding companies, has filed a declaration and amendments thereto, under section 6 (a) and 7 of the Public Utility Holding Company Act of 1935, relative to certain proposed amendments to its Certificate of Incorporation and by-laws. After appropriate notice a public hearing was held. We have examined the record and make the following findings.

Kansas proposes to call a special meeting of stockholders and upon receipt of the required vote, amend its Certificate of Incorporation in the following respects: [1] (a) By increasing its authorized common stock of 600,000 shares without par value to 1,000,000 shares without par value; (b) by providing that the life of the corporation shall be perpetual; (c) by providing that any of the authorized shares of stock may be issued and sold for such considerations as the Board of Directors may deem advisable, including cash, labor done, real or personal property, or the use thereof; and, (d) by providing that the location of the principal office of the Company may be established at 201 North Market Street, Wichita, Kansas.

It is stated that it is desirable to increase the authorized shares of common stock and to provide that additional common stock may be sold for such considerations as the Directors shall approve in order to facilitate and make more flexible the issuance and sale of additional common stock. Kansas has represented that such flexibility is desirable in order to facilitate its large construction program, a part of which it intends to finance by the issuance of additional common stock.

In addition, Kansas proposes upon the receipt of the required vote to amend its by-laws so as to (a) change the date of its annual meeting from the second Wednesday in June of each year to the first Wednesday following the 20th day of May of each year and, (b) to confer upon the Board of Directors the power to authorize compensation and fees to be paid to Directors for services to Kansas. It is provided, however, that the aggregate amount of such compensation, including fees, to any one Director, as such, shall not exceed $1,000 per annum.

Kansas is incorporated under the laws of West Virginia and the record contains an opinion of counsel to the effect that the proposed amendments to the Company's Certificate of Incorporation and by-laws meet the requirements of State law.

From an examination of the declaration we conclude that, if adopted, the proposed amendments will not alter the priorities, preferences, voting power, or other rights of the holders of Kansas' outstanding securities in a manner prejudicial to such holders. We further find that if adopted the proposed amendments will not result in an unfair or an inequitable distribution of voting power among the holders of the securities of Kansas. We find that the proposed amendments will not otherwise be detrimental to the public interest or the interests of investors and consumers. Under the circumstances we believe that the proposed amendments may properly be submitted to the stockholders of Kansas for their consideration. We conclude, therefore, that the declaration as amended may be permitted to become effective. We observe no reason for the imposition of any terms or conditions other than those contained in Rule U-24.

It is ordered, That the declaration, as amended, filed by Kansas Gas and Electric Company herein under sections 6 (a) and 7 of the Public Utility Holding Company Act of 1935, be, and it hereby is, permitted to become effective, subject to the terms and conditions contained in Rule U-24.

By the Commission.

The filing, among other things, contains copies of orders of the Public Service Commission of Maryland, the Public Service Commission of West Virginia and the Public Utility Commission of Pennsylvania authorizing the transactions to the extent they fall within the respective jurisdiction of such Commissions.

UNITED STATES TARIFF COMMISSION

[Notice No. D-1 (E)]

G. B. RAFFETTO, INC.

APPLICATION DENIED AND DISMISSED

AUGUST 27, 1948.

Application of G. B. Raffetto, Inc., of New York, N. Y. for investigation of marrons, candied, crystallized, or glacé, or prepared or preserved in any manner under provisions of Part I, Executive Order 9832 (concerning Escape Clause in Trade Agreements) has been denied and dismissed.

The Tariff Commission has dismissed the application filed by G. B. Raffetto, Inc., for an investigation under Executive Order 9832 with respect to preserved marrons. The application was concerned with candied marrons and marrons in sirup and requested relief from an alleged threat of injury due to increased imports resulting from trade-agreement concessions. Under paragraph 756 of the Tariff Act of 1930 the import duty on preserved marrons was 25 cents a pound. The rate was reduced to 12½ cents a pound pursuant to the trade agreement with France which took effect in 1936. The rate was further reduced to 8 cents a pound pursuant to the General Agreement on Tariffs and Trade effective January 1, 1948.

Consideration of the facts regarding the prewar and recent imports of candied marrons and marrons in sirup, the trend of imports in recent months, the level and the trend of domestic production, and other competitive factors with respect to domestic and imported marrons, indicates that the possibility of injury to domestic producers is not such as to warrant the Commission in undertaking a formal investigation under Executive Order 9832 at this time.

The dismissal of the present application does not impair the right of the applicant to apply subsequently for an investigation pursuant to Executive Order 9832.

SIDNEY MORGAN,
Secretary.
